Building our National Transport Future

Dear resident

**Albury Wodonga Hume Freeway – Ettamogah to Murray River
Batch plant extended hours of operation**

Abigroup has been contracted to design and construct the Albury Wodonga Hume Freeway from Ettamogah to the Murray River. Major construction commenced in June 2005 and the freeway is currently scheduled to open to traffic in mid 2007.

The Roads and Traffic Authority (RTA) is managing the project in NSW. This section is fully funded by the Australian Government.

In order to complete freeway paving operations earlier, Abigroup will start operating its Corrys Hill concrete batch plant from 6am (Monday to Friday) from Monday 13 November 2006 until Friday 22 December 2006.

Every effort will be made to minimise the noise associated with the activity.

The batch plant engineer is contactable during after hours work on 0402 462 795.

Abigroup apologises for any inconvenience this work may cause. If you would like to know more about this or any other aspect of the project, or if you have questions about Abigroup activities, please call the **community information line on 1800 674 934 (24 hours, toll free).**

Alternatively you can email albury@abigroup.com.au, write to the address below, or call in to the project display centre on Dallinger Road. The display centre is open Monday to Friday from 9am to 5pm (excluding public holidays).

Yours sincerely

Carol Bartley
