Building our National Transport Future

Dear resident or business owner

**Albury Wodonga Hume Freeway – Ettamogah to Murray River
Additional temporary closures and night works at Bridge Street rail overpass**

Abigroup has been contracted to design and construct the Albury Wodonga Hume Freeway from Ettamogah to the Murray River. Major construction commenced in June 2005 and the freeway is currently scheduled to open to traffic in mid 2007.

The Roads and Traffic Authority (RTA) is managing the project in NSW. This section is fully funded by the Australian Government.

Essential work out of normal hours on the new Bridge Street rail overpass is required on Thursday 6 April 2006.

This essential activity requires a temporary closure of Bridge Street between 6pm to 6am, from west of the Schubach Street roundabout to west of the rail underpass.

This activity is in addition to the work outlined in earlier notifications.

Bridge Street will continue to be under traffic control and reduced to a single lane at times in the interest of safety. A sign posted detour will redirect traffic to and from East Albury via Borella Road during temporary closures.

Every effort will be made to minimise the impact of works. Noise and vibration will be monitored in accordance with the project's environmental management plan.

The Bridge Street site engineer is contactable during after hours work on 0410 442 018.

Abigroup apologises for any inconvenience this work may cause. If you would like to know more about this or any other aspect of the project, or if you have questions about Abigroup activities, please call the **community information line on 1800 674 934 (24 hours, toll free)**.

Alternatively you can email albury@abigroup.com.au, write to the address below, or call in to the project display centre at the northern end of Dallinger Road. The display centre is open Monday to Friday from 9am to 5pm (excluding public holidays).

Yours sincerely

Carol Bartley
