Building our National Transport Future

Dear resident

**Albury Wodonga Hume Freeway – Ettamogah to Murray River
Temporary out of hours demolition of the Dean Street traffic bridge**

Abigroup has been contracted to design and construct the Albury Wodonga Hume Freeway from Ettamogah to the Murray River. Major construction commenced in June 2005 and the freeway is currently scheduled to open to traffic in mid 2007.

The Roads and Traffic Authority (RTA) is managing the project in NSW. This section is fully funded by the Australian Government.

The demolition of the Dean Street traffic bridge will take place during a fixed closure of the Main Southern Railway from Saturday 30 December 2006 to Tuesday 2 January 2007.

The demolition of the bridge will be staged to reduce the possibility of damage to the rail line and minimise disturbance to the community.

Demolition works are currently scheduled to occur on each day from 7am to 8pm until completion of the activity. Approval has however been granted for this essential demolition work to be conducted 24 hours a day if additional time is required to complete the task during the fixed rail closure.

Every effort will be made to minimise the impact of these works. Noise and vibration will be monitored in accordance with the project's environmental management plan.

The site engineer is contactable during after hours work on 0410 442 018.

Abigroup apologises for any inconvenience this work may cause. If you would like to know more about this or any other aspect of the project, or if you have questions about Abigroup activities, please call the **community information line on 1800 674 934 (24 hours, toll free)**, email **albury@abigroup.com.au** or write to the address below.

Yours sincerely

Carol Bartley
