*Albury Wodonga Hume Freeway
Ettamogah to Murray River*

Changes to Bridge Street traffic conditions

Work on the new Bridge Street freeway interchange is continuing. A number of temporary and permanent changes to Bridge Street traffic conditions are currently scheduled to commence on Tuesday 17 October.

Bridge Street, from west of the Schubach Street roundabout to east of the Main Southern Railway, will be temporarily reduced to a single lane under traffic control until mid November 2006.

Traffic controllers will be used during weekday peak periods and traffic lights will operate at all other times.

All Bridge Street through traffic to and from Macauley Street and the Main Southern Railway will be directed via the new Atkins Street link.

A permanent cul-de-sac will operate on Bridge Street between Charles Street and the Main Southern Railway.

Motorists are asked to observe all signage and traffic control directions to ensure public safety.

Abigroup regrets any inconvenience caused by this temporary closure.

If you would like more information about the construction of the Albury Wodonga Hume Freeway, Ettamogah to Murray River, please call the Abigroup community information line on 1800 674 934.
